

CLOSET

Frequently Asked Questions

The screenshot shows the CLOSET BETA dashboard. At the top, there's a navigation bar with 'CLOSET BETA', a notification bell with a red '3', a 'MY BAG 10' icon with a red '4', and a 'SIGN OUT' button. A user profile picture is on the right. On the left, a dark sidebar contains navigation options: 'STYLES' (with a red '1'), 'WORKROOMS', 'BRANDS', 'COMPANIES', and 'MARKETPLACE'. At the bottom of the sidebar, there are links for 'ABOUT | API | HELP | TERMS', 'Copyright © 2019 CLO Virtual Fashion', and 'All Rights Reserved.' with a red '5' callout.

The main content area is divided into several sections:

- RECENT STYLES**: A grid of 7 items, each with a thumbnail, ID, and name. A red '1' callout points to the 'Recent' option in the sidebar.
- ALL WORKROOMS**: A grid of 7 workroom cards. A red '2' callout points to a red dot on the 'DRESS' card.
- ALL BRANDS**: A single card for 'CLO BRAND' with a pink 'B' logo.
- ALL COMPANIES**: A single card for 'CLO' with a black 'CLO' logo.

CLOSET permission

There are five different levels of permission of CLOSET. Admin, Creator, Uploader, Editor, Viewer

ADMIN

Company Admin and Brand Admin.

- Admins have permission do anything that Creators can do.

CREATOR

When you create a workroom or a style, you become the Creator of the workroom/style.

- Creators have permission to do anything that Editors can do.
- Creators have permission to delete the workroom and style.

UPLOADER

When you upload a new version of a style, you become the Uploader of the style.

- Uploaders have permission to do anything that Editors can do.
- You can delete the version of the style that you uploaded.

EDITOR

When you are invited to become a collaborator of a workroom or a style, or are given the edit permission via Link Share, you become an editor.

- Editors have permission to do anything that Viewers can do.

VIEWER

When you are given the View permission to a workroom or a style via Link Share, you become a Viewer.

- You have permission as a viewer.

Link Share

Link share is the function to share a workroom or a style with Edit and View permission, without selecting a certain member,

Anyone with the link can access the workroom or the style via Link Share.

People Share

People share is the function to share a workroom or a style to a certain member, with Edit and View permission.

Room Share

Share the workroom with the permission to Edit or View every sub-categories (child room and style) within the workroom.

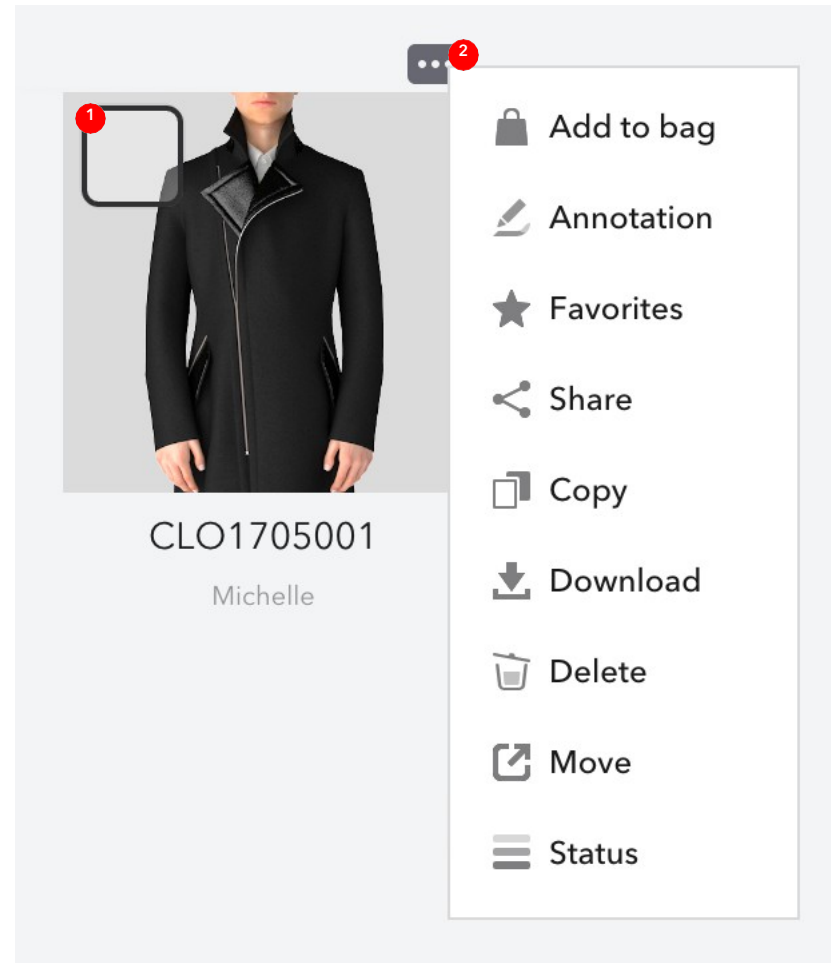

Style Share

Share the style with the permission to Edit or View.

1 Multi-Select

When you place the mouse over the style thumbnail, a checkbox appears on the upper left side of the thumbnail. When you click on the checkbox, you'll see the floating menu on the right side of the workroom list.

You can delete, copy, and move multiple styles using the function, and download the Line sheet (Tech pack) at once.

2 Context menu

When you place the mouse over the style thumbnail, you'll see a Context menu icon on the upper right side of the thumbnail.

Add to bag

You can add the styles in My bag to compare multiple garments (Multi-view).

Annotation

The CLOSET beta version supports collaboration and communication between users. Various functions are provided for users to draw sketches or leave comments in viewers.

Favorites

Favorite icon is displayed on the garments that needs follow-up or you're interested in. The styles that are marked as favorites can be checked in the Shortcut menu Favorites on the left side of CLOSET.

Share

You can conveniently do People Share or Link Share using Context menu without entering style page.

Copy / Download / Delete / Move

You can copy selected outfits or download the files of the outfit. In addition, you can delete the garment or move it to other workrooms.

Status

You can select the current status of a selected garment. You can mark the current status according to the workflow that Admin set up, and see the outfits within the same status all together in the workroom list.

Connecting to CLOSET in CLO Software

A direct upload can be made with the e-mail account that is registered to CLO Software's ID (One CLO Software ID is connected to one CLOSET account).

In the companies that use CLO online Auth, multiple people can use one CLO Software ID. In that case, you can connect it to CLOSET account by clicking 'Setting - User Settings - CLOSET' under CLO Software menu, and input personal account information (E-mail and Password).
